

Kapitelplatz 2
5020 Salzburg

Type of object: Public / Sacral building
Segment: Renovation
Product group: panDOMO® TerrazzoBasic

Since 2011, the Archiepiscopal Palace of the Archdiocese Salzburg shines in new splendour. In this project the facade was renovated and the windows were restored or exchanged. The interior floor also had to be renewed, too. Hlawna GmbH installed 400 m² of white and grey panDOMO® TerrazzoBasic.
