

# Premium Waterproofing & Tiling Installation System

**ARDEX MICROTEC® Technology provides real and tangible benefits for jobsite installation which improves workability, produces greater yield and higher bond strength.**

## ARDEX X 77

MICROTEC® New Generation, Fibre-Reinforced Tile Adhesive

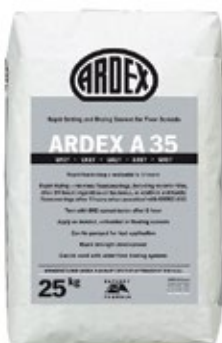

- High performance, fibre-reinforced, polymer-modified tile adhesive
- Exceptional adhesion strength
- Easy to apply
- Highly capable of withstanding stress and shear strain that increased security in the tiling system
- Accommodates shrinkage movement associated with early age concrete and screeds
- Suitable for use in both internal and external applications

## ARDEX EG 15

High Performance Epoxy Grout

- Exceptionally easy to clean off
- Stain, chemical, water, mold and mildew resistant
- For tile joints from 1.5mm to 15mm
- Suitable for use in wet areas, kitchens and swimming pools & water features

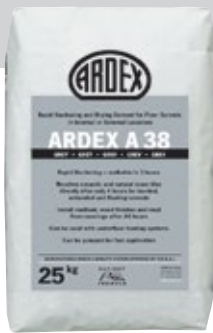

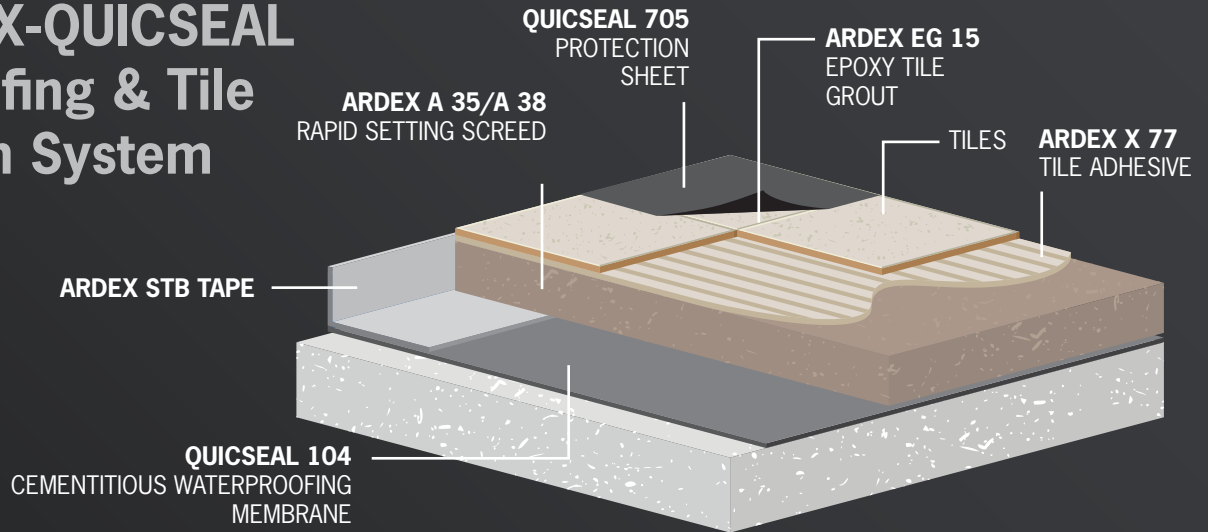

## ARDEX A 35

Rapid Setting and Ultra Rapid Drying Cement for Internal Floor Screeds

- Ultra rapid drying – to receive floor coverings, including ceramic tiles, after 24 hours regardless of thickness
- Allow for foot traffic in 3 hours
- Apply as a bonded, unbonded or floating screed
- Pumpable for faster application
- Rapid strength development
- Suitable for use with underfloor heating systems

# The ARDEX-QUICSEAL Waterproofing & Tile Installation System

## ARDEX A 38

Ultra Rapid Drying Cement for Internal & External Screeds

- Allow for foot traffic in 3 hours
- Able to receive ceramic and natural stone tiles directly after 4 hours, and resilient floor coverings after 48 hours
- Achieves compressive strength of 25N/mm<sup>2</sup> after 24 hours
- Pumpable for fast application
- Suitable for bonded, unbonded and floating screeds

## ARDEX STB TAPE

Self Adhesive Butynol® Sealing Tape, 1mm Thickness

- An uncured Butynol® tape with a fleece layer
- Provides a waterproofing seal between the surface joints and between the floor and wall
- Easy application and allows the membranes to be applied at the correct thickness
- Suitable for use under shower plates and seals the drainage pipe outlets

## QUICSEAL 104

Flexible Cementitious Waterproofing Membrane

- A two-component, cementitious-based waterproofing membrane
- Can be applied onto damp substrates
- Excellent adhesion to most building substrates
- Capable of bridging hairline cracks
- Suitable for use in internal wet areas, swimming pools and water feature areas

## QUICSEAL 705

Guard Protector

- A non-staining, high quality protective sheet for protection of construction related works or finishes such as tiles, natural stone, wood flooring, etc
- Comprises of polyethylene reinforced with special fibres for better durability
- Re-usable and lightweight, thus easy for storage and transportation

ARDEX Singapore Pte Ltd is a wholly owned subsidiary of ARDEX GmbH, Germany. We have been the quality leader for building and construction industry for 70 years. We offer excellent building chemicals with supreme processing reliability - the brand of choice for installers and wholesalers. ARDEX today is still an independent family-owned business. Our permanent efforts to achieve market-shaping innovations and retaining our most important tradition: Uncompromising quality; is something that we guarantee by applying the latest rigidly enforced quality assurance procedures.

With our strong internal growth and acquisitions in foreign markets today, ARDEX have achieved a worldwide presence through 53 subsidiaries, 38 production sites and 3,000 employees in over 50 countries on all continents-boasting a virtually end-to-end presence in our core market of Europe and Asia Pacific.

We strive to meet the needs of consultants, specifiers, contractors and distributors through our high-performance products & system recommendation with support of superior technical expertise and R&D. With ongoing commitment to environmental initiative, wide range of ARDEX products have environmental certifications. Our internationally connected technical experts and our local sales strive to ensure that products & system solutions are tailored to meet local conditions.

The comprehensive ARDEX products range & system solution includes:

- Waterproofing system
- Tiling & Grouting system
- Commercial - Vinyl, Carpet and Wood Flooring system
- Industrial Flooring system
- Concrete Restoration system
- Decorative Seamless Floor & Wall finishes - PANDOMO & Polish Concrete Topping

[www.quicseal.com](http://www.quicseal.com)

QUICSEAL is a leading manufacturer and supplier of specialty construction materials. We continually strive to improve ourselves by the constant pursuit of innovation, service excellence and quality with our state-of-the-art Research & Development centre, and highly dedicated and experienced personnel.

Accredited with ISO 9001:2015 Quality Management and ISO 14001:2015 Environmental Management certification, we are a corporate member of the Singapore Green Building Council (SGBC) and supply Green-Label certified materials under Singapore Environment Council (SEC) to express our support for the sustainable built environment.

We provide a wide and comprehensive range of solutions and systems for specific needs of construction, which includes the following areas:

- Waterproofing
- Tile Adhesives & Mortar Additives
- Joint Sealants
- Concrete Repairs

- Flooring, Resurfacing & Restoration
- Civil Engineering Grouts

Customers' confidence and support were well reflected with the many projects completed locally and overseas such as Tanjong Pagar Centre (Singapore), Sky Habitat Condominium (Singapore), Watertown Mixed Development (Singapore), Changi Airport Joint Sealant Replacement (Singapore), The Residences Resort at Digurah (Maldives), Double Pool Villa, Banyan Tree (Phuket, Thailand), Ani Villa Resort (Sri Lanka), Studio City (Macau), Hotel D (Hong Kong) etc.

Established since 1988, QUICSEAL has developed into an established and much trusted brand in Singapore and throughout the region. We are easily available through our wide network of distributors in not only Singapore, but Malaysia, Indonesia, Hong Kong, Taiwan, Maldives, The Philippines, Cambodia, Myanmar, Thailand, Vietnam, Sri Lanka and others.

QUICSEAL is part of the ARDEX Group since 2012.
