

AEON Mall, Ho Chi Minh – Vietnam

Roof Deck Waterproofing

Project Name:

AEON Mall, Ho Chi Minh - Vietnam

Installer/ Applicator:

Intechem Co Ltd

Products Featured:

- ARDEX WPM 160
- ARDEX WPM 185

Situation:

A well-known chain of shopping malls in Vietnam required waterproofing for deck roof with an A.P.P (atactic Polypropylene) membrane,

Challenges:

The project required an A.P.P membrane with high quality and installation had to be completed after 2 weeks.

Solutions

ARDEX WPM 160 Polyester reinforced APP Bitumen Membrane & ARDEX WPM 185 Mineral coated APP membrane. When torching APP membranes, the bitumen begins to flow like candle wax when it reaches temperatures above 300F. The molten bitumen then behaves like hot mopping asphalt and will flow. That makes the job quick, smooth and fast. adhesive for permanent internal vinyl installations.
