Professionals And Property Owners

ABOUT US

ARDEX-QUICSEAL is a dynamic and innovative organization resulting from the merger of two companies in Singapore and Malaysia in 2022. As a wholly owned subsidiary of ARDEX GmbH, Germany, our goal is to provide exceptional product and system solutions that meet the needs of our customers, including consultants, specifiers, contractors, and distributors. We are proud of our extensive experience and technical expertise, which allow us to offer top-quality services and products to our customers in Singapore and Malaysia.

The merger of **ARDEX** and **QUICSEAL** is a significant milestone for both companies, as it represents a new era of excellence in the chemical construction industry. Our core values of integrity, engagement, and empowerment are reflected in our commitment to providing excellent customer service by engaging directly with our end-users. We are continually expanding our offerings to meet the needs of our customers better and leveraging the latest digital platforms to achieve this. By using digital technologies, we can improve our production processes, maintain strict quality control, and develop innovative products. We are also committed to sustainability and social responsibility and achieve this through our unique and efficient building and construction systems. Our agile approach to innovation enables us to stay ahead of the curve and deliver the best possible solutions to our customers.

At **ARDEX-QUICSEAL**, we are dedicated to the growth and development of our business and our customers. Our state-of-the-art Regional Research & Development Lab and **ARDEXacademy** training centre demonstrate our commitment to providing the latest innovations and best installation practices to our customers in Singapore and Southeast Asia.

Our wide-ranging product portfolio covers various industries and offers diverse construction and building material solutions, guaranteeing excellence across different sectors. Our focus is on providing high-quality solutions that go beyond our customers' expectations. Our product range includes:

- General Construction
- Primers & Sealers
- Concrete Repair
- Waterproofing
- Tile & Stone
- Commercial Flooring
- Flooring Adhesives
- Decorative Surfaces
- Industrial Flooring
- Civil Engineering & Tools

• OUR VISION

"The ARDEX Group is the leading solution and service provider of innovative building systems." - ARDEX Group

• OUR MISSION

Unique and efficient building and construction systems through agile innovation

Sustainability in our processes and solutions fostering social responsibility

Family owned Company with people of integrity that are engaged and empowered

Diversifying our products, services and channels including via digital platforms

Enhancing production, quality control and product development through digital technologies

PASSIONATELY INNOVATING RESPONSIBLE BUILDING SOLUTIONS

BUILD BELONGING
Be inclusive, empowering and take action

FUEL PASSION
Be devoted, inspired and make an impact

EMBRACE RESPONSIBILITY
Be accountable, proactive and conscious

EMBODY INTEGRITY
Be honest, ethical and self-aware

EMBRACE RESPONSIBILITY
Be accountable, proactive and conscious

ARDEXacademy serves as an eminent bastion of knowledge and skill development, catering to professionals in Singapore, Malaysia and other Southeast Asian regions. Our academies, strategically positioned in both regions, function as comprehensive training centres, offering an extensive range of educational programs, workshops, and hands-on training sessions meticulously curated to enhance the proficiency of industry practitioners. Through a synergistic blend of theoretical learning and practical application, participants gain invaluable insights into cutting-edge construction methodologies and industry best practices.

- **Skills Enhancement:** Participants undergo a transformative experience, acquiring profound insights into the correct usage and application techniques of our products. Our instructional sessions provide practical tips and hands-on guidance, ensuring that professionals develop the expertise necessary to utilize and apply our solutions with precision and confidence effectively.
- **Product Mastery:** **ARDEXacademy** delivers in-depth training on the complete spectrum of **ARDEX** and **QUICSEAL** high-performance building materials. Participants delve into the intricacies of product applications, surface preparation, and installation techniques, ensuring optimal usage and efficiency in their professional endeavours.
- **Certifications:** Upon successful completion of our training sessions, participants receive an exclusive certification of attendance. This recognition symbolizes their dedication and active participation in advancing their knowledge and skills, substantiating their commitment to professional growth.

OUR COMMITMENTS TO YOU

Sustainability & Quality Assurance

BUILDING TOMORROW

ARDEX-QUICSEAL stands as the partner of choice, fortified by a triumvirate of excellence. This commitment is underscored by three core pillars:

ISO CERTIFICATION

Our ISO certification serves as a tangible manifestation of our steadfast dedication to quality. This recognition attests that our products and services consistently adhere to the highest industry standards, ensuring a level of excellence that our clients can rely on with confidence.

SUSTAINABILITY FOCUS

At the core of our operations lies a profound commitment to sustainability. We embrace eco-conscious practices and offers products designed with an unwavering commitment to environmental responsibility. By aligning our endeavours with a sustainable future, we contribute to the broader goal of fostering environmental well-being.

BizSAFE CERTIFICATION

Safety is paramount in our operations, as evidenced by our BizSAFE certification. This acknowledgment underscores our relentless commitment to creating a secure working environment, prioritizing the well-being of all individuals involved in our processes.

At **ARDEX-QUICSEAL**, our legacy of excellence is intricately woven into our brands. With a dedication to quality, innovation, and reliability, we proudly offer a comprehensive range of high-performance products under the umbrella of these esteemed brands:
